

Jesus you are a real bunch in
Dallas. Your chief witness is gone and
did you nothing. Jack died by the
code. Close mouthed. If he is to go
down so I hear Lee will have to
also for me one saw Lee, Jack as any
one else in the building. Only know
someone P. (more than one) shot and killed
a rot and rid the country of a pest
just like the Old Piper did. Something
a monument will be erected for Lee and
Jack is heroes. and a big crowd dropped
in what is left of the trucks not and
leaves it to bits. These folks are well
under way for the same audience for
RFK and LBJ and in a turn they
both will get it. no more Kennedy in
White House. They both better quit
and live longer especially RFK for he is

already to big for his pants and he will be
just to go. The enclosed clippings speak for
themselves. We are also down here
watching Kennedy actions and hear them
will crowd everyone they go and
watching our chance when I said expected
to be could jump off the rat facelike
to others should be easy and will be
Helen to this and my other letter so
as to show to new men and magazine
writers when time comes.

Bill Warren and his pals to look for
other involved in the killing of the
rat King. But don't think he will find
any one. We are just to smart for
them
